## Uniflight Completes New Bell 407 for Gobierno Del Estado De Chihuahua

Monday, January 05, 2009 - Uniflight

Uniflight, LLC recently completed and delivered a brand new Bell 407 to the Gobierno Del Estado De Chihuahua. The Bell 407 underwent an Avionics Completion in addition to many Aeronautical Kits. The customizing included a Garmin GMA-347H Avionics Panel, Garmin GNS-430W WAAS GPS NAV COMM, SL40VHF Comm, GTX-327 Transponder, NATPA System, Spectrolab SX-1000 Night Sun, TRA-3500 and an Aircomm Dual Evap Air Conditioning system. Uniflight's unprecedented quality was applied to the installation of every item and a non-staff pilot test-flew the aircraft prior to delivery.

Mr. Arellano, Maintenance Chief of *Gobierno Del Estado De Chihuahua* said, "Uniflight was very professional in interacting with us on the Bell 407 completion and has nicely updated its facility to meet customer needs."

Greg A'slinger, CEO of Uniflight said: "We are very pleased to have this opportunity to perform a completion for the

Government of Chihuahua. I am especially proud of the talent and expertise of our employees. Through their commitment and dedication we seek to earn our customers' continuing faith and confidence. We especially want to thank Bell Helicopt for their continued support of our Customer Service Facility. Without that, we would not have had this particular opportunity nor would our customers have the proven platform that the Bell 407 has become."

Joe Hawke, Chairman of Uniflight added, "We very much appreciate the opportunity to serve our customer *el Gobierno L Estado De Chihuahua*, and we greatly value the position we occupy as a member of the Bell Helicopter/Textron value chain especially want to thank Jeremy Hardy for his leadership of the Uniflight Avionics Department, and on this project particular."

### About Uniflight, LLC

Uniflight, LLC, FAA Repair Station UNFR783K, is a specialized helicopter overhaul and repair service center. The Company has earned its reputation over three decades through prompt and professional response in support of government and commercial helicopter operators. Uniflight is EASA certified and is also an authorized Garmin, NAT, Technisonics, and Chelton Flight Systems dealer.
