## Uniflight Upgrades New AS350 B2 for WFAA-TV of Dallas

Wednesday, September 16, 2009 - Uniflight

Uniflight, LLC recently painted and delivered a new Eurocopter AS350B2 for WFAA-TV of Dallas. The AS350B2 underwent a custom three color paint scheme, interior modifications, and some avionics reconfiguration. Uniflight's unprecedented quality was applied to the installation of every item and an on-staff pilot test-flew the aircraft prior to delivery.

James Loftin, President of Uniflight said: "Channel 8 has a long history of Electronic News Gathering in the Dallas Fort Worth area and with the AS 350. When Channel 8 upgraded to a new version of the AS 350 we were pleased to work with them on upgrading some of the equipment from the previous aircraft in order to add additional mission capabilities. In addition we were able to control the weight in order to provide additional lift capacity. "

### About Uniflight, LLC

Uniflight, LLC, FAA Repair Station UNFR783K, is a specialized helicopter overhaul and repair service center. The Company has earned its reputation over three decades through prompt and professional response in support of government and commercial helicopter operators. Uniflight is EASA certified and is also an authorized Garmin, NAT, Technisonics, Sagem Avionics, Avidyne, Sandel, Becker Avionics, and Chelton Flight Systems dealer.
